

### MDATA Online – Energy Profiler Online (EPO) --Service Agreement

Public Service Company of New Hampshire (d/b/a Eversource Energy) will provide interval meter data via an accessprotected web site. The customer must be on rate GV or LG and have at least one interval-recording meter per account. Eversource, and any third party contracted by Eversource, will not disclose any customer-confidential information including, but not limited to, customer name and address, metering, billing and pricing, power usage, etc. without prior consent from the customer. Eversource may, at our discretion, cancel this agreement and return the unused pro-rated portion of fees received. **All sections must be completed.**

This form or a letter of authorization can be used by energy brokers and consulting companies to request non-interval usage histories for customers billing on rates GV and LG and icap tag data for all billing rates.

**One time request, \$50.00 per account.**  
All interval data available at the time of the request will be provided online. **User id & password expires 30 days after access begins.**

**Annual subscription, \$300.00 per account - billed once yearly.**  
All interval data available at the time of the request will be provided online. **The subscription automatically renews each year.**

**Annual subscription, \$25.00 per account, per month.**  
All interval data available at the time of the request will be provided online. **The subscription automatically renews each year.**

**Utility Customer Account Number(s):** Only account numbers listed on this form will be processed
